IT'S A Wonderful LIFE

CELEBRATING OUR VOLUNTEERS

Holiday Cheer

Grateful for the many hours of giving

Using the iconic holiday classic movie It's a Wonderful Life, the Barry Community Foundation hosted an event to say, "thank you" to the many volunteers who share their time, treasure, and talent to make an impact on our community. These friends give selflessly, putting families, neighbors, and businesses above all other things. And, just like George Bailey realized his impact on Bedford Falls, we asked our volunteers to pause to think about all the goodness they provide Barry County. Even though we didn't have Clarence as our guardian-angel guide, we know many people have a wonderful life because of the generosity of many of our emeritus board members, the board of directors, the affiliate advisory board members, our committee members, and the scholarship reviewers.
