Establishing the Barry Community Enrichment Center

In November 2011, the Board of the Barry Community Foundation made the decision to purchase the old First Presbyterian Church of Hastings building. With much consideration, this purchase was made in following with the mission and vision of the Foundation to “serve as a leader, catalyst, and resource to improve the lives of the people of Barry County.” To preserve the rich history of the church building, dating back to 1853, the Barry Community Enrichment Center (BCEC) was created with the intent to foster community partnerships and finally actualize the dream of a non-profit resource center. Throughout this process, the ability for donors to craft a community legacy has become stronger and is fortified by the lasting presence of the bricks and mortar that was laid over 150 years ago.

The First Presbyterian Church in Hastings was established in 1843. After ten years, the membership realized that a church building was necessary and decided that the land purchase from the Hastings Village Company the previous year would become the location for the First Presbyterian Church building. During the next 50 years, a parsonage was built at a cost of $1,000 and an additional room for Sunday school and meetings was added to the building. By 1948, extensive alterations and expansions were completed; raising the Sanctuary, providing for a basement, and the Kirk House providing Sunday School rooms, a kitchen and dining area, a pastors study, sacristy, secretarial office and lounge. In 1954, the Leason Sharpe Memorial Hall was constructed on the church property. The two pieces of property directly east of the hall were later purchased and turned into a parking lot. In 1988, the Hall and the church were connected, adding additional spaces, known as the Curtis Addition. As the membership continued to grow and the ability to expand was limited, the church decided to build a new facility. The First Presbyterian Church of Hastings relocated in 2010 and listed the South Broadway building for sale.

Seeing an opportunity to move towards the long-time goal of creating a non-profit center, the Foundation signed a lease to rent the church building in March of 2011 and began a dialog with other non-profit organizations. That same year, Community Action and the Thornapple Arts Council moved in with help and renovations from local volunteers. With this forward momentum, the Foundation Board purchased the
Establishing the Barry Community Enrichment Center Continued

Building, with the financial support of a generous donor, and took the first formal step towards establishing the BEEC. Since then, the Barry County United Way and Volunteer Center, the Family Support Center of Barry County, Big Brothers and Big Sisters, Thornapple Players, Navigate, BCF Youth Advisory Council, Leadership Barry County, Thornapple Area Enrichment Foundation and the Office of the Court Appointed Special Advocates have joined the community center partnership.

Creating a legacy through our past has been an important element in the fabric of our community. Throughout the county, our residents have developed a "sense of community" around historical buildings, community partnerships and non-profit organizations. This initiative has brought about a new generation of giving through bequests and donations for the Community Center. The Dennison Performing Arts Center will be built in the old sanctuary as a result of the vision and a charitable gift made by Terry and Marleah Dennison. Other renovations have already begun and will undoubtedly lead to more dreams becoming a reality. In line with the Foundation mission of "promoting charitable giving and the creation of permanently endowed funds, now and for future generations" Margaret and Doug Decamp have generously agreed to lead the $2,500,000 campaign to establish a building endowment. We hope that as you experience the impact of the Barry Community Enrichment Center you will find a place in your charitable heart to be part of this movement for positive change. These dollars will ensure that the wishes of our benefactors will continue to grow - For Good. For Barry County. For Ever.

Investment Statement by William Messner, CIMA

Executive Director and Institutional Consulting Director, Graystone Consulting
A business of Morgan Stanley Smith Barney

The Foundation provides the largest source of support that bridges community needs with donor interests and granting dollars to programs, projects and organizations that fit our vision. To balance current and future needs, BCF employs investment and spending policies designed to preserve Foundation asset values while providing a substantial flow of income.

Asset Allocation:
Asset allocation proves critical to successful Foundation performance. The asset allocation policy combines tested theory and informed market judgment to balance investment risks with the need to preserve the purchasing power of the assets.

Investment Statement Continued...

The allocation to both traditional and nontraditional asset classes stems from the diversifying power they provide to the portfolio as a whole. Alternative assets, by their nature, tend to be less efficiently priced than traditional marketable securities, providing an opportunity to take advantage of market inefficiencies through active management.

Even after the recent economic turmoil, which BCF navigated exceptionally well, we continue to rely on the principles of diversification. These principles continue to guide BCF’s investment strategy, as equity orientation makes sense for investors with long horizons and diversification allows the construction of portfolios with superior risk and return characteristics. BCF’s well-diversified portfolio positions the Foundation for long-term investment success.

“HONORING THE PAST, SERVING TODAY, PREPARING FOR TOMORROW” is Putnam District Library’s vision statement. Since 1923, when the Putnam family gift became a reality, the library has had a solid history of being the community’s enrichment center.

In 2013, the library will celebrate 90 years of service to Nashville and the Maple Valley community. When the library considers a program or investment today, it is our vision statement that guides those decisions. As libraries continue to evolve in the ways they provide services to their communities, Putnam recognizes that collaboration and partnership are the keys to our success.

Maple Valley B.U.G.S., Maple Valley Community Center of Hope, the YMCA of Barry County, and many church and school-related groups work with the library as local partners. The connectivity forged by Hometown Partners and the Barry Community Foundation makes county-wide collaboration a reality from which all of Maple Valley benefits.

- Shauna Swantek

In February 2007, Manna’s Market opened its doors to provide free nutritional food, baby pantry items and gently used clothing to residents in need. They are making an impact and difference in Barry County one life at a time.

In collaboration with the Barry Community Foundation, Barry County United Way, and Food Bank of South Central Michigan, Manna’s Market works to sustain health, human dignity, and create opportunities for families. Run by volunteers committing more than 14,000 hours, together they have served more than 450,000 meals. The vision to empower people in all areas of their lives, gives promise that what was once lost will be restored. Manna’s Market truly is A BEACON OF HOPE.

- Jayne Flanigan
Beginning in 2004, a major objective throughout Orangeville Township was to build pride within the community. Through the strong efforts of the Township Board, volunteers and a partnership with the Barry Community Foundation, significant community enrichment was achieved. The strong demonstration of volunteerism and community leadership has been awesome and truly embodies the community slogan of “COMING TOGETHER WITH COMMUNITY PRIDE”.

The Township Hall, Orangeville Veterans Memorial, new playground equipment and athletic fields, along with an annual celebration known as “Orangeville Days,” are all examples of what can be accomplished through community. We are grateful to the Barry Community Foundation, through grant dollars and leadership, they have assisted us in creating positive change and enrichment.

- Bob Perino

SENSE OF COMMUNITY for the people of Middleville may be more of a verb than a noun. It’s activity based along the Thornapple River, the Paul Henry Trail and throughout the Middleville area. In the summertime residents gather downtown for Fridays at the Farmers Market and the Riverbank Music Series under the Gazebo. Families from Middleville line Main Street to watch parades, enjoy food and festivities, and take in nature along the trail. Community connectivity flourishes in the people uniting with neighbors and friends.

Thanks to grant dollars and contributions from the Barry Community Foundation, the Thornapple Area Enrichment Foundation, and other community groups, the elements of a healthy community are alive and thriving in Middleville.

The Barry Community Foundation (BCF) has identified community investment priorities to ensure that the grant committee can allocate resources to areas of pressing need. This was done through a survey that was included in an annual report and online that allowed BCF’s donors to be a part of the decision of what the foundation focuses on.

The foundation has identified seven community investment areas in order to allocate resources in the most effective manner to influence a vibrant, healthy community for the residents of Barry County.

Grants will continue to be accepted annually on October 15th, for distribution in December. The foundation’s grant committee reviews grant applications and makes recommendations to the foundation’s Board of Directors. This year grant applications were distributed in the following areas from the unrestricted community fund.

Provides broad access to arts and culture

A healthy community encourages a wide variety of recreational, historical and cultural opportunities.

City of Hastings – First Ward Art Park requested $10,000

This grant engaged the neighborhood, the skate park youth, the broader community and art-oriented individuals in a collaborative effort to revitalize the First Ward Park and create lasting change in the participants who visit the program.

The recommendation was to fully fund the $10,000.

Meets the basic needs of residents

A healthy community creates a compassionate social, economic, and political environment where people have full opportunities to meet basic needs for themselves and their families, to build assets, and to advance themselves.

Ensures a vibrant and diversified economy

A healthy community fosters an economy that is diverse, vital and innovative, that grows strong businesses and business districts, and creates adequate jobs and income for residents.

Forty percent of grantmaking dollars, $19,706.60, were used to fund the Economic Development Alliance of Barry County.

Economy Continued...

Generation E Institute requested $6,650

This grant will pay for a five day entrepreneurship “camp experience” for Barry County youth and young adults.

The recommendation was to fund $3,850.

Creates quality education and learning opportunities for all ages

A healthy community opens themselves to new ideas and provides high quality education and lifelong learning for all members of the community.

Hastings High School requested $4,083.50

This grant will fund the purchase of novel sets that will be used in English classes for 10, 11, and 12th graders at Hastings High School. This will help supplement already established material concerning modern day issues of ethics within science or technology and personal freedoms versus governmental control.

The recommendation was to fully fund $4,083.50.

Protects and stewards the natural environment

A healthy community helps preserve and sustain the environment.

Promotes health and wellness

A healthy community assures access to high-quality health services on a personal, community and systems level and promotes a healthy lifestyle.

Fosters strong and connected neighborhoods and communities

A healthy community assures equal opportunity for all individuals to participate in and influence decisions that affect each of their lives and embraces diversity and promotes a “sense of community.”

Barry County Community Mental Health Authority requested $7,764.17

The purpose of this grant is to establish a self-sustained client-run greenhouse that has potential to share harvest within the community.

The recommendation was to fully fund $7,764.17.

Orangeville Township Park requested $15,000

The purpose of this grant is to help replace playground equipment that has been used since before World War II in the Orangeville Township Park.

The recommendation was to fund $7,380.33.

Total Dollars Requested: $109,062.00

Dollars Allocated: $52,784.60

In 1998, the Freeport Historical Society was established and has since gathered thousands of pieces for its collection. This unique museum is truly a gift to present and future generations, through the ENDLESS DEDICATION OF VOLUNTEERS AND GENEROUS DONATIONS THAT PRESERVE THE LEGACY OF OUR COMMUNITY’S PAST.

Its curator, Delores Dipp, guides visitors through with the museum with quaint stories and antidotes about everything from an antique printing press to the original post office. Each piece conveys a moment in history that tells a story. The museum is hands on, providing a place where kids can touch history and make it come alive. In a day when the future is so highly valued, it is refreshing to have a place that celebrates the past.

The Delton District Library is truly a vibrant hub of the community! In 1989, a community-wide fundraisers campaign was initiated that resulted in a completely new building being built in 1996-97. Everyone in the community contributed their time, talent, as well as money to make the new library building a reality. The Barry Community Foundation was among the contributors including many organizations, skilled laborers, community members and students to bring the new building to fruition.

Today, the Delton District Library is THE community center. It has phenomenal outreach programs with story time for preschoolers, basic computer classes, a kid’s after school program, a Christmas angel tree, senior programs, early literacy programs and much, much more. It’s funding comes primarily in the form of grant monies from Barry, Hope, and Prairieville Townships. It also has a very active Friend’s of the Library group. This library is A TRUE EXAMPLE OF A COMMUNITY SEEING THE VISION and then coming together to make it a reality!!

Georgia Black is a high school senior in Phoenix, Arizona who is blessed to spend her summers in Michigan. She has a passion for photography and has been involved in it for six years. She has just recently founded her own business, Georgia Rose Photography, LLC and specializes in weddings, family portraits, senior photos, and parties. Georgia also enjoys taking photos while on mission trips to Mexico and to South Africa. One of her favorite things to do is volunteering as an art therapist for Free Arts of Arizona. She hopes to pursue a career that combines her photography talent and her love for children. She will be attending college next year and is glad to have had the opportunity to spend the summer of 2012 exploring Michigan and photographing a truly outstanding community.
