Committee Members

The Sum Total of Generosity

Adding up all the funds available to the community, the generosity of this small yet mighty county is evident. From scholarships to grants, from basic needs to the environment, from students to seniors, the focus is on greater impact.

Providing Positive Results

Every week members from our many committees meet to discuss a range of topics all focused on improving lives right here in Barry County. Reviewing grant applications, investigating investment opportunities, and guiding curriculum in a leadership program, are just a few ways these dedicated and passionate community leaders give their time.

Board Members: BCF + Advisory Board Members

Our geographic affiliates, Delton Kellogg Educational Fund, Thornapple Area Enrichment Foundation, as well as 5 additional advisory boards, serve their communities to review grant proposals and recommend funding. Together with our board of trustees, these volunteers energize and strive to make a positive impact in our communities.
